The Impact of Art Classes

Art classes in rural communities **enrich culture, inspire creativity, and strengthen community connections.**

- Art in schools and community spaces **enhances learning**, sparking critical thinking and problem-solving skills.
- Creative expression plays a vital role in **early childhood development**, supporting fine motor skills, language growth, emotional expression, and early literacy.
- Local art programs **attract tourism**, support local artists, build community pride, and boost mental **well-being**.
- Creative exploration builds confidence, belonging, and a shared sense of place.

The Story Behind "Art Lab 27"

- **Art + Education:** The logo blends a **beaker** and **paintbrush,** symbolizing learning, exploration, and creativity through art.
- **"Lab"** reflects hands-on discovery — a place to l**earn, explore,** and **experiment** with many art mediums.
- **Three Colors:** Art Lab 27 uses SFSC's **Orange and Blue** with **Green as an accent** across the Highlands, DeSoto, and Hardee campuses and the Lake Placid Center. The palette also honors our community schools — **Blue for DeSoto, Orange for Hardee,** and **Green for Lake Placid**.
- **27:** Honors Florida as the 27th state on March 3, 1845.

Local Fun Facts about "27"

- Lake Placid was originally known as **Lake Stearns.** In 1927, **Dr. Melvil Dewey,** creator of the Dewey Decimal System, **petitioned the Florida Legislature** to rename the town. Following his efforts, the name was officially changed to **Lake Placid.**
- **U.S. Highway 27** runs through the town, serving as a major north–south route stretching from **Miami** to the **northern states**.
- Lake Placid boasts **27 freshwater lakes**.
- **Art Lab 27** began right here at the **SFSC Lake Placid Center** on Oct. 18, 2025.
