

New York Public Library

Digital Gallery

<http://digitalgallery.nypl.org>

Are you looking for primary source material in history or the humanities? The New York Public Library has opened a Digital Gallery offering photographs and manuscripts.

Content of the gallery includes Civil War photographs, illuminated manuscripts, Japanese prints, early American maps, illustrations related to the American Revolution, and archived photographs of New York City buildings and streetscapes. The database can be searched by a variety of links including subject (with over 58,000 entries), names (with over 16,000 entries), and library divisions.

If you use the Search box on the home page, check the options under (More Options). They can help define your search.

If you need further help, ask at the Reference Desk.
