

Nursing (Transition-LPN to RN)

Associate in Science; Program Code: 1560

The Nursing (Transition–LPN to RN) program is a limited access program. Completion of the prerequisite courses does not guarantee acceptance. Applications will be accepted from the second week in January until the second Friday in April.

Application Requirements

The following materials and activities must be completed and submitted to the Allied Health Advisor by the second Friday in April in order for you to be considered for admission:

1. Completed SFCC Application for Admission.
2. Completed supplemental Nursing (Transition–LPN to RN) Application.
3. Placement test scores from any one of the following tests: ACT, SAT I, FCELPT (CPT). You may schedule these tests through the college’s [Testing Center](#).
4. Official high school transcript, GED, or equivalent verifying proof of high school graduation.
5. Students must provide an official college transcript(s) verifying the completion of a practical nursing program and the following Nursing (Transition–LPN to RN) program prerequisite courses:

Associate in Science degree (AS) Program Code: 1560
Nursing (Transition–LPN to RN) Prerequisites:

Course Code	Course Name	Credits
BSC 1085C	Anatomy and Physiology I	4
BSC 1086C	Anatomy and Physiology II	4
PSY 2012	General Psychology	3
ENC 1101	Freshman English I	3
DEP 1004	Human Development	3
STA 2023 or MAC 1105 or MGF 1106	Elementary Statistics or College Algebra or Liberal Arts Math I	3
MCB 2010C	Microbiology	4
NUR 1180 or Equivalent	Principles of Nutrition and Diet Therapy	3
Total		27 Credit Hours

The satisfactory completion of seven (27 credit hours) nursing program prerequisites with a “C” or higher in each course and a cumulative prerequisite GPA of 2.5 or higher is required prior to applying to the nursing program. Courses must be completed by the end of spring term for summer term acceptance. Courses must be completed by the end of the summer term for every other year acceptance in the spring term for the part-time three day per week program. (2014). The acceptability of equivalents for any of the courses will be determined by SFCC’s dean of Applied Sciences and/or the director of Nursing Education.

Anatomy and Physiology I, Anatomy and Physiology II, and Microbiology must have been taken within seven years of admission to the program. If the course was completed more than seven years ago, you must pass the college required competency exam. All science courses must have a lab.

6. Completed Nursing Student Checklist and submission of all related documents required prior to registering for the Nursing (Transition LPN-RN) classes (after notification of initial acceptance) Review the items contained in the checklist prior to submitting your application.
7. Current Florida LPN license or proof of application of Florida license, if holding an out-of-state LPN license.
8. Current IV Therapy certificate.
9. Current CPR (Basic Life Support for Healthcare Providers) certificate that will not expire until completion of program. You are responsible for tracking this requirement.
10. References from the following sources:
 - a. Current or most recent employer or instructor
 - b. Two additional professional references

It is preferable that references be mailed directly to the Allied Health Advisor by the person completing the forms provided in the application packet. The student may hand deliver a reference in a sealed envelope with the reference author’s signature across the flap.

11. Completion of a computer-based entrance exam called the National League for Nursing (NLN) Acceleration Challenge Exam (NACEI) PN to RN: Foundations of Nursing.

The NLN Nursing Acceleration Challenge Exams are nursing validation tests designed to evaluate previous learning to assist in the placement of nurses who are seeking educational mobility. The tests validate competency as an LPN. The

assessment is a 184-item, four-option, multiple choice exam administered in three and one-half hours.

Test preparation manuals are available in the college bookstore. Current Practical Nursing NCLEX® preparation books, CDs, and online products are recommended as study guides. Additional assistance is available at the SFCC Tutoring and Learning Center (TLC). See the Allied Health Advisor in Building B for registration forms, fee payment information, and scheduling of the NLN NACE I for LPN to RN: Foundations of Nursing exam.

12. All required developmental courses must be completed prior to applying to the SFCC Nursing (Transition LPN-RN) program.

Selection Criteria

Entrance to the program is competitive, the higher the GPA and computer-based entrance exam score, the greater the chance of being selected for the program.

There are specific criteria which will be used when making selections for the Nursing (Transition LPN -RN) program. These criteria are as follows:

1. Completion of the 27 prerequisite hours with a grade of “C” or higher in each course and a cumulative prerequisite GPA of 2.5 or higher. Information about these prerequisite courses is listed in the above Application Requirements, Item 5.
2. Achievement at the 50th percentile or above on the NLN NACE I for LPN to RN: Foundations of Nursing exam.
3. Current direct patient care experience as deemed appropriate by the Selection Committee. The Selection Committee will determine if an applicant has the appropriate level of current direct care experience based upon skill competency checklist/validation and/or experience.
4. Satisfactory physical, mental, and dental health as certified by a licensed health care provider. Certification of satisfactory health and immunizations are requirements for admission to the Nursing (Transition LPN - RN) program. Upon initial acceptance, students will be required to complete the nursing student checklist and provide the necessary documentation listed on that checklist before registration and final acceptance is determined.
5. Review of professional references.

Selection Process

1. If you meet the minimum requirements by application deadline, you will be rank-ordered, highest to lowest, on a product score devised by multiplying the NLN NACE I for LPN to RN: Foundations of Nursing exam score (percentile) by the cumulative prerequisite GPA. Prerequisites are listed in the above Application Requirements, Item 5.
2. In cases where all credentials are equal, the following criteria will be used in the given sequence to determine who will be admitted into the program:
 - a. Satisfactory completion of any of the additional general education courses
 - b. Residence in service district
 - c. Date application completed
3. Students will be notified of initial acceptance via college email. Email notifications anticipated by the end of May for summer term enrollment, and every other even year by the end of November for spring term enrollment.
4. It is the responsibility of the student to maintain communication with Allied Health Advisor to ensure that the application packet is complete and up-to-date with current admission requirements. Any change in the process or requirements will be posted on the college website under the Allied Health section for the nursing programs.
5. Fee estimates for admission and enrollment can be found in the [*SFCC Nursing Student Handbook*](#).
