Policy and regulations to follow when using “Pete the Panther”

Pete must be carried in his case at all times. The costume should be put on privately. It is important to keep the illusion that Pete is a character and not a person in a suit. The person wearing Pete should not speak while in costume. Pete must be an energetic happy, but silent character. The person wearing Pete should also act in a respectful manner to all around him. Pete is always representing the college and the person wearing Pete has a responsibility to uphold the image of the SFCC mascot. Do not attempt to clean Pete. If he gets dirty, please notify the Coordinator of Student Life upon his return. Should anything happen to Pete, the department who borrowed him is responsible for his replacement.
