Wastewater Treatment

Wastewater Class C Certification State of Florida Preparation Course - \$1,250

Campus	Building	Room	CRN	Dates	Days & Time
DeSoto	A	110	11362	Oct. 2, 2018 - April 4, 2019	T,R 5:30 - 7:30 p.m.; One Sat./month 8:30 a.m. - 12:30 p.m.

The Wastewater Treatment Class C Certification State of Florida preparation course introduces and educates students to wastewater treatment plant operations, offers expanded maintenance activities of the treatment plant facility equipment, and a full range of process control test procedures that are required for a Class C operator. This course prepares students entering the field of wastewater operations at the C level, or supplemental training for those currently or previously employed at lower levels of certification, by way of direct classroom instruction, group discussion, problem solving, and demonstrations. SFSC offers hands-on instruction including field trips to various local treatment facilities and laboratories to provide the knowledge of the various processes and aspects of plant operations required of Class C operators. Saturday dates are 10/6, 11/3, 12/1, 1/12, 2/16 and 3/23. Textbook is included in cost of course. To register, call **863-784-7405**.

HVAC

EPA 608 Refrigerant Exam - \$53

EPA regulations (40 CFR Part 82, Subpart F), under Section 608 of the Clean Air Act, require that technicians who maintain, service, repair, or dispose of equipment that could release ozone depleting refrigerants into the atmosphere must be certified. Starting on January 1, 2018, this requirement also applies to appliances containing most substitute refrigerants, including HFCs.

Technicians are required to pass an EPA-approved test to earn Section 608 Technician Certification. The tests are specific to the type of equipment the technician seeks to work on. Tests must be administered by an EPA-approved certifying organization. Section 608 Technician Certification credentials do not expire.

This exam is offered every semester and times vary. To schedule, call **863-784-7117**.

OSHA - Occupational Safety and Health Administration

OSHA 10-HR Construction - \$164

Campus	Building	Room	CRN	Dates	Days	Time
Highlands	P	110	21182	April 4 and 11, 2019	R	1 - 6 p.m.

The OSHA 10 Construction course is designed for construction workers, foremen, job supervisors, safety coordinators, and anyone else involved in the construction industry. It provides an overview of the basic health and safety hazards in the workplace. Students will receive the training required by the Occupational Safety and Health Administration to obtain an OSHA 10-Hour Certification Card. To register, call **863-784-7405**.
