Welcome

Our instructor-facilitated online courses are informative, fun, convenient, and highly interactive. Our instructors are famous for their ability to create warm and supportive communities of learners.

Most courses run for six weeks (with a ten-day grace period at the end). Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links, and more. You can complete any of these courses entirely from your home or office and at any time of the day or night.

Start Dates:

New course sessions begin each month. Please visit our Online Instruction Center to see exact start dates for the courses that interest you.

Web Design Value Suite

This series of courses take you through the art of building web pages to coding in JavaScript, CSS3 and HTML5. You'll learn to plan content and structure including formatting text, building links, adding color, including graphics and tables, and developing areas of interactivity.

ONLINE LEARNING

Creating Web Pages

If you've always wanted to learn how to create your own website, this course is for you! Create and post your very own Web site on the Internet using HTML in this extensive, hands-on, six week workshop. Learn about the capabilities of the web and the fundamentals of web design.

Introduction to CSS3 and HTML5

In this course, you will learn how to create state-of-the-art websites using modern CSS3 and HTML5 techniques! Take your existing HTML skills to the next level and start building sites like the pros.

Introduction to JavaScript

This programming language lets you add interactivity to your pages by creating features such as buttons, picture carousels, and collapsible panels to your Web pages. The course begins with the basics of JavaScript code and then moves on to more advanced topics.
