Civic Literacy Requirement – All students seeking an associate or baccalaureate degree must meet the Florida Civic Literacy Requirement which includes the completion of one of the following courses: AMH 1010, AMH 1020, or POS 1041 and a passing score on the Florida Civic Literacy Exam (FCLE).

Foreign Language Requirement – To earn the Associate in Arts, students must have completed two years of the same foreign language in high school or complete two semesters of the same foreign language in college.

Exit Requirement - Minimum grade of B in all BSN upper division courses.

Program Description

The Registered Nurse (RN) to Bachelor of Science (BSN) completion nursing program is designed for the Associate Degree in Nursing (ADN) program graduate. The program builds a connection between prior education competencies and baccalaureate essentials for contemporary practice. The program's theoretical framework is grounded in Nursing as Caring with a holistic approach to practice. The Quality Caring Model® guides the student learning outcomes. The South Florida State College Nursing program is accredited by the Accreditation Commission for Education in Nursing, Inc.

Length: 120 credit hours

Pre-Degree Requirements

- A. In order to qualify for the RN-to-BSN program at SFSC, you must meet the following qualification:
 - a. An ADN degree from an accredited institution.
 - b. A current unencumbered Florida registered nursing license.
 - c. Basic life support (BLS) for healthcare providers certification from the American Heart Association (or higher)
- B. Completed online SFSC College and RN-to-BSN applications.
- C. Submission of all official transcripts, including high school/GED transcript and official transcript from each college attended
- D. Prior to final acceptance and enrollment, the applicant must submit documentation of BLS for HCP.

Career Information

Common Job Titles

Registered Nurse

Registered nurses (RNs) provide and coordinate patient care, educate patients and the public about various health issues, and provide advice and holistic support to patients and their families. Their work may include patient assessment, medication administration, providing medical treatments and care, coaching patients in self-care, working as part of the interdisciplinary medical team, assisting with diagnostic testing, and coordinating patient care throughout the wellness continuum. Registered nurses may supervise licensed practical nurses and unlicensed assistive personnel. Registered nurses may choose to specialize in the needs of a particular patient population. Registered nurses holding a baccalaureate degree often work in leadership roles within their organizations or may choose to pursue further education to seek employment in advanced nursing roles, such as Nurse Practitioner, Doctor of Nursing Practice, Nurse Anesthetist, Nurse Midwife, Clinical Nurse Leader, Clinical Nurse Specialist, Nurse Educator, Nurse Researcher, or Nurse Executive.
