

SOUTH FLORIDA STATE COLLEGE COLLEGIATE HIGH SCHOOL STUDENT CONTRACT

Success in college classes is dependent upon academic readiness, social maturity, and motivation. Students who choose to enter the collegiate high school are subject to the same rules and regulations as other college students. Classes contain mature, adult students from diverse backgrounds and life experiences. Additionally, course content is college level and may contain material, situations, and examples that may offend or embarrass immature students. Students choosing to take college classes do so with the understanding that course rigor and content is intended for a mature, college-level student.

The high school student on the college campus experiences freedom and lack of direct supervision. There is no process to monitor student social situations or behavior. Collegiate high school students on the South Florida State College (SFSC) campus are expected to conduct themselves as adults.

College course-level expectations include, but are not limited to the following:

- Students are expected to be in class from the first day and should attend class regularly. Students may be withdrawn by the instructor for excessive absences that equate to two week's college work.
- Two to three hours of homework or study should be completed for each hour spent in class.
- Assignment deadlines are firm.
- Any letter grade below a C will not count as credit toward satisfaction of English and Math general education requirements; any letter grade below a C in any collegiate high school course will remove the student from eligibility for all dual enrollment courses the following term (fall/spring/summer).
- All dual enrollment grades are calculated in a student's GPA and will appear on the permanent college transcript.
- All dual enrollment grades, including a W for withdrawal, become a part of the student's permanent college transcript and may affect subsequent postsecondary admission.
- Student should consult a college counselor and/or advisor regarding the selection of courses to meet their college degree requirements and for transfer to a specific baccalaureate program of study or university.
- Poor selection of classes may result in excess college hours or impact availability of future financial aid or scholarships.

I have read and understand the above expectations and the SFSC Code of Conduct.
