

Dual Enrollment Course Equivalency

The following courses are typically offered by SFSC at most college campuses. This equivalency list is not complete, but is abbreviated for ease of use by students, parents/guardians, and guidance staff. If you note discrepancies or have questions about other courses listed in the State Approved Dual Enrollment Equivalency List, please contact Dean Kimberly Batty-Herbert for college credit at 863-784-7329 or Courtney Green for technical programs at 863-784-7431. For a full listing of the State Approved Dual Enrollment Equivalency Listing go to www.fldoe.org/articulation/pdf/DEList.pdf.

Electives: Current law allows for any course in the Statewide Course Numbering System, with the exception of remedial courses and Physical Education skills courses, to be offered as dual enrollment. Three-credit (or equivalent) post-secondary courses taken through dual enrollment that are not listed below shall be awarded 0.5 high school credits. Electives fulfilling the high school requirements should be related to the college degree plan.

△ English Competency - Requires college-level writing in multiple assignments

SCIENCE

Criteria for awarding high school subject area credit in Science:

Since all high school science courses (with lab) are awarded 1.0 high school science credits, then all college-level dual enrollment science courses (with lab) will be awarded 1.0 high school science credits.

College-level dual enrollment science courses taken without a lab component will be awarded 0.5 high school science credits.

Note: Section 1003.43(1), Florida Statutes, states that high school graduation requirements include successful completion of "three credits in science, two of which must have a laboratory component." Regardless of the number of science credits earned through dual enrollment, the requirement of two sciences with a lab component must be met to graduate.
