History of the Jacaranda Hotel

The Hotel Jacaranda, the Queen of the Ridge, is a magnificent, historic hotel listed on the National Register of Historic Places. It was built in 1925 by two wealthy furniture manufacturers from Grand Rapids, Mich., during Florida's boom period prior to the Great Depression. Each man invested heavily in Florida real estate and construction projects and each went bankrupt in the early 1930s. But, the hotel survived.

It was unusually elegant for rural Florida in the mid-1920s. Its rooms were "modern"; guests could relax on a patio under the vine-covered pergola (where the swimming pool currently sits) or visit with friends on the second-floor veranda; it had an elevator, which was advanced for the time; dinner music was performed nightly by a five-member ensemble of musicians in the Palm Room; and giant attic fans kept the sleeping rooms cool.

The Jacaranda was the winter and spring residence for the St. Louis Cardinals baseball team (World Champions in 1924 and 1925) that over-wintered and conducted spring training in Avon Park. All teams that came to play against them were housed at the "Jac." Ty Cobb, Babe Ruth, Rogers Hornsby, and other famous names of baseball history were residents.

From 1930 to 1988, several different persons owned the hotel and each made special contributions to its storied history. Space precludes a listing of them here, but ask any staff member and they'll be anxious to tell you the stories.

In 1988, the SFSC Foundation bought the Jacaranda and converted her into what she is today: a residence facility for SFSC students, an educational center for SFSC's Hospitality Management and Culinary Arts program, a functioning hotel, a facility for commercial ventures with office and business space leased to the general public, and a testimony to man's interest in historic preservation.

We hope you enjoy your stay with us and come to love this building just the way generations of others have.

Welcome to the "Jac." Treat her kindly, and she'll do the same for you.

1. Illegal or controlled substances (drugs, marijuana, etc.)
2. Firearms, ammunition, fireworks, dangerous weapons.

Possession and/or use of, or being present with others in possession of or using, the following on Foundation property will result in immediate action taken by the Residence Life Staff to include, but not limited to fines, community service, other educational sanctions, or suspension/expulsion from the residence hall:

1. Alcoholic beverages (regardless of age)
2. Candles or incense
3. Pets
4. Opposite gender visitor during unauthorized times
5. Propping entrance doors

SFSC is a tobacco-free campus. Use of tobacco products such as cigarettes, cigars, chew, and those that simulate tobacco use (e-cigarettes) is prohibited in **ALL** areas of the residence and hotel property.

Conduct violations in the residence facility subject residents to disciplinary actions in the facility and also make residents subject to sanctions under the Student Code of Conduct expected of SFSC students.

Security doors must remain closed and locked at all times. You are your first line of security!

Persons of the opposite gender, over 18 years of age, must be signed in and can be in the rooms, hallways, and commons areas between 9 a.m. and 12:00 a.m. Opposite gender visitation ends at midnight.

Public display of affection (PDA). Students are expected to behave in an appropriate manner consistent with living in a facility that hosts outside guests

Curfew. No curfew exists for residents, but room and hallway opposite gender visitation ends and all visitors must leave the building by 12:00 a.m. Entrance to the building after 11 p.m. is through the rear door only.

Quiet hours are in effect 9 p.m.-7 a.m. During these times, no noise should be heard outside student rooms. Failure to do so is considered a student conduct violation. Personal behavior should be quiet and controlled during quiet hours.

Courtesy hours are in effect at all times. Noise levels that promote an atmosphere of academic success should be maintained during all hours other than those designated as quiet. Noise originating from anywhere on a floor should not be audible by another floor or room, within the building or outside.

Commons areas are the kitchens, laundry rooms, TV rooms, and the game room. They are open 24/7 for in-house residents. Visitors can be in the commons areas between 9 a.m. and 12:00 a.m. Sleeping is not allowed in commons areas.

Items may not be dropped from any window. Such actions may result in eviction.

Emergency exits and windows are to be used only in emergencies. In an emergency, residents should follow posted evacuation routes.

Leaving security doors unlocked may result in a student conduct sanction. Doors should not be propped open for any reason.

Failure to make payments when due may result in lock-outs, loss of housing privileges in future terms and even eviction.

Hall sports can create a disturbance and increase the possibility of personal injury/property damage and are not permitted at any time. This includes the use of hover boards or skateboards of any kind.

Use of Hotel Facilities

Students living in the Jacaranda are hotel residents, not hotel guests. The elevator is available when moving in and out; students must use the stairs all other times.

Student residents may use the hotel swimming pool during posted pool hours provided an SFSC class or a private function is not in session. All posted swimming pool rules must be followed. Non-resident visitors may **NOT** use the swimming pool.

After using the pool, students are required to wear shoes and towel off before going up to their rooms to help minimize the drips that will bleach out the lobby carpet. Appropriate clothing/cover-ups should also be worn to go through the lobby.

Clothing worn in the public areas of the hotel should be appropriate for a working hotel, e.g., shirts, shorts and skirts should not be too revealing; shoes or sandals must be worn. **Cleats may not be worn in the building.**

Students may dine in the hotel restaurant when it is open. Behavior and dress code must be as it would be in any nice restaurant.

If not in use, the hotel lobby and library may be used by student residents for reading or quiet conversation. The second and third floor hallways, lounges and breezeways **are not to be used by students at any time.**

The second and third floor balconies may be used between 10 a.m. and 5 p.m. for reading, sunbathing, quiet contemplation, etc., provided hotel guests are not disturbed. After 5 p.m., these areas are restricted. No cooking/grilling is allowed on the balconies.

The student lounge is available on the first floor with a pool table, table tennis, vending machines, and television. Ask at the front desk for game equipment.

Automobile parking is available in the rear parking lots. Students should not park in front of the hotel. South Florida State College assumes no responsibility for damages that may result to any cars or personal property stored in cars, in the hotel or adjacent parking lots or streets. All damage should be reported to the police. Students are limited to one motorized vehicle. Vehicle repairs/maintenance cannot be done in the parking lot. Cars may not be left in lot over breaks.

Day visitors are welcome between 9 a.m. and 12:00 a.m. and must be personally signed in by the Jacaranda resident.

Additional stays are at the discretion of the RLC.

My Room and My Responsibilities

Furniture

Rooms are furnished with one twin bed, mattress, dresser, desk, and chair per occupant. These may not be removed from the room. A furniture inventory will be completed upon arrival and departure. Missing or damaged furniture will be invoiced or charged against the student's security deposit.

Health and Safety Room Checks

Health and safety room checks will be conducted by the Residence Life Coordinator and/or resident assistant after the first 30 days of the semester and every 60 days after that. Residents may or may not be present during inspections. Residents will be notified of health and safety checks at least 24 hours prior to the check. A search can be held immediately if there is reasonable suspicion of policy violations. Trash from the room should be put in the large garbage cans in each hallway. Housekeeping will routinely empty the large cans. Rooms are to be kept clean (e.g., floor cleared and vacuumed, clothes not thrown about, food put away in sealed containers, garbage thrown away, refrigerators clean [whether they are yours or ours], shower/sinks clean, etc.). If the room is found to be unsatisfactory, the student will be given 24 hours to clean it up. If it is not cleaned up after that time period, student conduct sanctions will be issued to the residents of the room. A HOLD may be placed on each college account until Sanction(s) is completed.

Windows and Doors

No changes can be made to the blinds in the windows. Nothing should be displayed in or visible from the windows. Aside from the door decorations that will be placed on your door by the Residence Life Staff, no other items may be placed on your door without permission from your RA or RLC. However, if these items damage the door, you may be fined.

Computer Connections

We DO NOT provide wireless Internet. A data port for each occupant is located in every room providing Internet access through a Digital Subscriber Line (DSL) connection. There is no additional cost for this service and no additional provider (e.g., AOL) is required. Each student will be responsible for obtaining the appropriate Network Interface Card (NIC) and CAT-5 Ethernet cable as well as security software. Routers can be purchased at the cost of the student and hooked up in the rooms to make for small wifi hot spot areas.

Lost Keys

At a minimum, a replacement fee of \$25 per key will be charged for lost keys. Additional charges may include replacement lock charges and complete key replacement for the entire floor or residence facility depending on which key is lost. This could be a substantial charge. (The rear door lock alone has about 100 keys for students, hotel guests, staff, and security.) The safety and security of our residents is our primary concern. We do not want the security of our facility compromised due to lost keys.

Damage to Your Room

You are responsible for all damage to your room. You will be charged \$25 or the cost of the repair, whichever is greater. You cannot make the repairs yourself to avoid the charges. Your security deposit will be charged the cost of the repair and you will be notified of this charge. You will have to restore your security deposit to the
Revised March 1, 2016

\$250 level at the start of each term. If your deposit falls below \$50, you will be required to restore it to \$250 immediately. Failure to restore the required amount may result in a hold on your college account and a lock out from your room until payment is made.

Repairs or Maintenance to Your Room

Foundation, Residence Life, college, or hotel staff may enter the room at a reasonable time (between 8 a.m. and 5 p.m.) for repair or routine maintenance of the premises, or at any time for emergencies.

Room Changes

Residents can request to change rooms after the 10 day “freeze” is up. This freeze will begin on the first day of classes. All changes must be requested in writing by all parties involved and approved by the Residence Life Coordinator before the moves take place. Please see your RLC for a form.

My Floor and My Responsibilities

The Kitchen

A full kitchen, with stove/oven, microwave, refrigerator, garbage disposal, and sink is located on each floor. If you choose to use this facility, you will need to furnish your own cookware and dishes and ensure the kitchen is *clean* after each use. **Any dirty dishes or cookware, regardless of who used them, left in the kitchen will be THROWN AWAY, as they encourage unwanted pests/rodents.** We suggest you not bring George Forman-type grills. Items in refrigerator should be labeled with owner’s name and date when placed in refrigerator.

Laundry

Each floor has two washers and two dryers. No fee is charged for using these machines. **Liquid bleach is not allowed** because of the potential damage to the carpet. The Jacaranda Residence Facility is not responsible for ruined or missing items.

Damage to Commons Areas

You are responsible if you cause damage to a commons area. If anonymous damage is done to the facility the cost may be divided equally among the residents on the wing and/or floor. You are not authorized to make repairs to avoid these charges. These charges will be placed against your college account and you can pay them at the cashier’s office on campus or the Foundation Office. The security deposit will not be used for these types of charges.

Sports within the Building

In the interest of personal safety and out of respect for the entire building and co-habitants, sports or rowdiness of any nature are not permitted in **any** areas of the building. This includes throwing any objects in, from or at the residence hall building.

Vacating the Residence Facility

- Students must vacate the premises within 24 hours after their last exam or by noon after their own graduation. If a student is not returning after a break, the student must vacate prior to the break.
- All personal property must be removed if the student is not in residence. Any items left in the room or parking lot after a student vacates will be considered abandoned property and will be disposed of.
- Rooms must be vacated and personal property removed during summer break regardless of fall enrollment.
- It is the student’s responsibility to clean bath and bedroom upon departure. For shared spaces (bedrooms and bathrooms), all occupants are equally responsible regardless of departure date, schedule your move-out inspection prior to when you leave. **Room should be in the same condition as when you moved in.**

- All keys must be returned. Failure to return all keys may result in a substantial charge to the student due to the cost of replacing all door locks and keys associated with each key assigned to the student.
- Security deposit refund will be mailed to the address on record at the college and may take up to four to six weeks. The security deposit refund will not be processed until all keys are returned.
- **Costs to repair damage to the room or furniture, replace missing cable TV items or furniture, dispose of abandoned property (including cars), or to restore room to original move-in condition will be assessed against the security deposit. If the security deposit is insufficient, an invoice will be mailed to the address on record at the college and a HOLD will be placed on the student's college account until payment is received.**

General Safety Policies

Electrical Appliances

Due to the associated fire risk and the large amperage draw of electrical appliances, the Jacaranda has placed restrictions on the type of appliances which can be present in the student's dorm room. Appliances which are **not** permitted include but are not limited to: space heaters, hot plates, coffee makers, and toasters. A kitchen area is provided where residents may cook their meals.

Fires

Each year across America, college and university students experience a growing number of fire-related emergencies. The leading cause of dormitory fires is arson. Arson has been linked to over one-third of all dormitory fires. Cooking is the second leading cause of dorm fires and accounts for 20 percent of all dormitory fires. Fires are more common during the evening hours between 5-11 p.m., as well as on weekends. In the event of a fire, activate the building's fire alarm system and evacuate the building. Don't linger in the building trying to rescue your personal belongings. Your life is far too important to risk. Fire extinguishers are positioned throughout the building for ease of use. If a fire is small and you can/choose to extinguish it, activate the building fire alarm **prior** to fighting the fire. Report all fires immediately to the Foundation, Hotel, or residence staff personnel. You are required to complete an incident report (even if you extinguished the fire yourself and no property damage is evident). To ensure residents and staff are familiar with emergency evacuations, we conduct an annual fire drill exercises. Participation in the exercises is **mandatory**. In addition, residents who wish to receive training on the proper use of a fire extinguisher can contact the Foundation to schedule a training appointment.

Emergency Evacuations

The Jacaranda was designed and equipped with many life safety features. Included in this list are: fire suppression sprinklers throughout the entire building, an audio and visual fire alarm system, and multiple external egress stairwells. When the fire alarm sounds or if you are instructed to do so by staff, evacuate the building. **Everyone must evacuate the premises.** Evacuation maps can be found near the door in each dorm room. Do not use the elevator during a fire. Close doors as you exit but **do not lock** them. Individuals with disabilities should be assisted in the evacuation process. The Jacaranda's designated rally point is the church parking lot - north of the Jacaranda or at least 500 feet away from the affected building(s). Do not return to the evacuated building until directed by official personnel.

Sexual Assault and Violence, Prevention and Response

South Florida State College provides periodic education for students, faculty, and staff about sexual assaults, acquaintance rape, domestic violence, dating violence, stalking, and other forcible and non-forcible sex offences.

If you are the victim of a sexual assault or violence, your first priority is to go to a place of safety, call 911, and then notify the SFSC Security Department as well as the Title IX Coordinator. The SFSC Security Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation.

The college will assist you with notifying appropriate law enforcement officials and assist law enforcement with their investigation to determine the facts of the case. The dean of student services will offer counseling and will assist with changes to the victim's academic, living, transportation, and working situation if requested and reasonably available, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Students or employees who are victims may seek guidance and/or a referral from either our student service advisors or our Human Resources Department for available community assistance programs on counseling, health services, mental health, victim advocacy, legal assistance, and other services available.

The College provides procedures for investigating and disciplining students in matters of sexual violence. Both the accuser and the accused will be informed of the outcome of the disciplinary proceeding. This action does not violate the Family Educational Rights and Privacy Act (FERPA). If a student is found to be guilty of sexual misconduct, various sanctions may be imposed, up to and including expulsion.

Missing Persons

Each student living in an on-campus student housing facility has the option to register a confidential contact to be notified in the case that the student is determined to be missing. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information. To register a confidential contact, speak with the staff in Residence Life. If you can't locate a fellow resident student and they have been missing for 24 hours, or you suspect there may be foul play involved with their absence, report this matter **immediately** to the RLC/RA, Campus Security or the dean of student services. Once a report has been received, the Residence Life staff will conduct a preliminary investigation in order to verify and validate the circumstances which exist relating to the reported missing student. All official missing student reports will be immediately referred to the local law enforcement (within 24 hours of receipt of the initial notification), whether a confidential contact has been provided or not. In the event that a student is less than 18 years of age and is not emancipated, their parent or guardian will be notified.

Annual Crime and Fire Statistics

The Clery Act requires SFSC to publish an annual report that contains statistics for the previous three years concerning reported crimes that occurred on campus, at off-campus buildings owned or controlled by SFSC, and on public property immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as the policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, violence protection/prevention, and other matters. In addition to the crime statistics report, SFSC prepares an Annual Fire Safety Report, which provides information about student housing fire statistics, safety systems, fire drills, fire safety policies and education and training programs. Both reports can be found on the SFSC Security Web page at

http://www.southflorida.edu/wp-content/uploads/sites/3/2015/01/Security_CSR.pdf

Emergencies

Residents leaving the residence facility overnight are encouraged to notify an RA/RLC and front desk when they leave and return. This will enable hotel and residence facility staff to know, in the event of an emergency, who is and who is not in the building.

If a resident becomes ill, is injured or needs special assistance, he/she should notify the Residence Life Coordinator or resident assistant immediately. Do not hesitate to call 911, if necessary. From hotel phones, dial 9-911. Please immediately notify the front desk clerk if you call emergency services so they can direct them to the correct location. Notify Residence Life staff as soon as possible.

Service Animals

The SFSC ADA coordinator handles all Service Animal questions and requests. They can be contacted by email, disabilities.specialist@southflorida.edu, or call during normal college business hours, 863-784-7131.

Parental Notification

Your Parents or emergency contact may be notified of any involvement with alcohol and other drug violations under the following circumstances:

1. A student has been transported to the hospital or required staff assistance due to his/her consumption of alcohol and/or other drugs.
2. When a student's alcohol or other drug behavior demonstrates evidence of a high risk nature.
3. When a student's use or possession of alcohol or illegal substances is found on College premises.
4. If you are an athlete, your coach will also be notified.

Breaks and Holidays

The Jacaranda Residence Facility **will be closed** during the various holidays and breaks – Thanksgiving holiday, winter break, spring break, and summer break and all students are expected to vacate the facility. Based on training and/or game schedules, athletes may be allowed to stay in the residence facility during the various breaks. This will be coordinated with the coaches and the residence facility staff. Additional fees may apply. Items can be left in the room over Thanksgiving, winter, and spring breaks (not over summer break), but the Foundation, Residence Life Staff and hotel are not responsible for lost or stolen items (valuable items should never be left in the room).

Exceptions to these rules and policies may be made by the residence life coordinator, or resident assistant. Students seeking exceptions should contact the residence life coordinator to request an exception.
