This 8-week certificate based course combines classroom instruction with hands-on training experience to teach the student the basic fundamentals of carpentry and roofing while learning employability skills. Students will receive instruction on how to write resumes, cover letters, and how to handle job interviews. The classroom instruction provides the students with the knowledge needed to calculate materials, transfer measurements from paper to project, and recognize different various materials used in carpentry and roofing. Students will receive hands-on instruction in the use of hand and power tools, construction methods, and basic roofing techniques. The OSHA 10-hour construction industry safety course is included in cost of course. Students will receive a tool belt with basic hand tools as part of their tuition. Students will be responsible for purchasing safety toed boots (ANSI approved) and must wear during training. Upon successful completion of the course, students will be able to install roof shingles, frame walls, repair, and install drywall. To register, call 863-784-7405.
Basic Masonry - $3638.00

This 8-week certificate based course combines classroom instruction with hands-on training experience to teach the student the basic fundamentals of masonry, while learning employability skills. Students will receive instruction on how to write resumes, cover letters, and how to handle job interviews. The classroom instruction provides the students with the knowledge needed to calculate materials, understand the different types of blocks and their uses, vocabulary used in the trade, and recognize different various methods of brick laying and concrete installation. Students will receive hands-on instruction in the use of hand and power tools, construction methods, and basic masonry techniques. The OSHA 10-hour construction industry safety course is included in cost of course. Students will receive a tool belt with basic hand tools as part of their tuition. Students will be responsible for purchasing safety toed boots (ANSI approved) and must wear during training. Upon successful completion of this course, students will be able to set concrete forms, mix the proper mortar to be used, and basic block laying and concrete work. To put reserve your spot and receive information call 863-201-7195. To register, call 863-784-7405.

Basic Construction Plumbing - $4,018.00

This 8-week certificate based course combines classroom instruction with hands-on training experience to teach the student the basic fundamentals of plumbing, while learning employability skills. Students will receive instruction on how to write resumes, cover letters, and how to handle job interviews. The classroom instruction provides the students with the knowledge needed to calculate materials, do basic plumbing repairs, install plumbing fixtures, and recognize different various materials used in plumbing. Students will receive hands-on instruction in the use of hand and power tools, construction methods, and basic plumbing techniques. The OSHA 10-hour construction industry safety course is included in cost of course. Students will receive a tool belt with basic hand tools as part of their tuition. Students will be responsible for purchasing safety toed boots (ANSI approved) and must wear during training. Upon successful completion of this course, students will be able to join PVC pipe, install plumbing fixtures, and perform basic plumbing repairs. To register, call 863-784-7405.
NOTE: This is a voluntary program and does not meet training requirements for any OSHA standards.

To register, call 863.784.7405.

OSHA - Occupational Safety and Health Administration

Need to enhance your skills to complete that honey-do list? You will get an overview of all four construction trades: carpentry/roofing, electrical, plumbing, and masonry. You will learn to lay out a stud wall, repair drywall, and how to install roof shingles. Electrical: learn how to install a duplex outlet, change a light switch, change a circuit breaker in residential construction. Plumbing: Measure, cut, and join PVC pipe for plumbing jobs, learn how to a install a new flapper in the toilet tank. Masonry: Learn the difference between concrete and mortar. Learn to mix, pour, and finish concrete. You will learn basic hand and power tools, how to use a tape measure, safety, and more in each of the trades. To register, call 863-784-7405.

The Wastewater Treatment Class C Certification State of Florida preparation course introduces and educates students to wastewater treatment plant operations, offers expanded maintenance activities of the treatment plant facility equipment, and a full range of process control test procedures that are required for a Class C operator. This course prepares students entering the field of wastewater operations at the C level, or supplemental training for those currently or previously employed at lower levels of certification, by way of direct classroom instruction, group discussion, problem solving, and demonstrations. SFSC offers hands-on instruction including field trips to various local treatment facilities and laboratories to provide the knowledge of the various processes and aspects of plant operations required of Class C operators. Course is 112 contact hours. Saturday dates are Aug. 7, Sept. 4, Oct. 2, Nov. 6, Dec. 4, and Jan. 11, 2022. Textbook is included in cost of course. **Free information session** on Tuesday Dec. 15, 2020 at 5 p.m. at SFSC DeSoto Campus, 2251 N.E. Turner Ave., Arcadia. To register for the course, call **863-784-7405**.

SFSC offers hands-on instruction including field trips to various local treatment facilities and laboratories to provide the knowledge of the various processes and aspects of plant operations required of Class C operators. Class will meet Tuesdays from 4:30-8:30 p.m. and one Saturday each month. Saturday dates are Jan. 11, Feb. 22, March 7, April 18, May 30, and June 20, 2020. Textbooks are included in cost of course. **Free information session** on Tuesday Nov. 12, 2019 at 6:40 p.m. at SFSC DeSoto Campus, 2251 N.E. Turner Ave., Arcadia. Instructors and experts from the field will answer your questions. To register, call **863-784-7405**.

**EPA 608 Refrigerant Exam - $53**

EPA regulations (40 CFR Part 82, Subpart F), under Section 608 of the Clean Air Act, require that technicians who maintain, service, repair, or dispose of equipment that could release ozone depleting refrigerants into the atmosphere must be certified. Starting on January 1, 2018, this requirement also applies to appliances containing most substitute refrigerants, including HFCs.

Technicians are required to pass an EPA-approved test to earn Section 608 Technician Certification. The tests are specific to the type of equipment the technician seeks to work on. Tests must be administered by an EPA-approved certifying organization. Section 608 Technician Certification credentials do not expire.

This exam is offered every semester and times vary. To schedule, call **863-784-7117**.
Funding Opportunities for Workforce Programs

CareerSource Heartland

Scholarships for job training are provided through funds made available through the Workforce Innovation and Opportunity Act (WIOA).

To learn more about scholarships for job training, please attend a “WIOA” Orientation at one of the following CareerSource Heartland locations:

- DeSoto County • 2160 NE Roan Ave., Arcadia • Orientation every Monday • 10 a.m.
- Highlands County • 5901 US Hwy 27 S, Suite 1, Sebring • Orientation every Wednesday • 10 a.m.
- Okeechobee County • 207 SW Park St., Okeechobee • Orientation every Tuesday • 10 a.m.
- Hardee County • 324 6th Ave. North, Wauchula • Orientation every Tuesday • 11 a.m.

The following general requirements apply for scholarships for training services:
- Must be a resident of DeSoto, Hardee, Highlands, or Okeechobee County.
- Must be 18 years of age or older.
- Meet U.S. Citizenship requirements or hold current Permanent Resident Alien Card.
- All males born after December 31, 1959 must meet Selective Service registration requirements.
- Household income falls within specific program guidelines.

You may also qualify if one of the following applies:
- You are about to be or have been laid off from your job and are unlikely to return to the same or similar position, and you are eligible for, receiving, or have exhausted your reemployment compensation benefits.
- You are a displaced homemaker no longer supported by the income of another family member and are unemployed or underemployed.
- You are a former contract worker or self-employed individual who is unemployed due to current economic conditions.

CareerSource Heartland is an equal opportunity employer/program. Auxiliary aids and services available upon request to individuals with disabilities.
All voice telephone numbers on this website may be reached by persons using TTY/TDD equipment via the Florida Relay Service at “711.”

SFSC Funding Opportunities

Opportunities to explore at SFSC:

- Some non-credit workforce programs are approved by Department of Veterans’ Affairs for those Veterans and/or Dependents who qualify for VA Educational and Training benefits such as: Post-9/11 GI Bill (Ch. 33), Montgomery GI Bill (Ch. 30), Survivors and Dependent Assistance (Ch. 35), and Montgomery GI Bill Selected Reserve (Ch. 1606). To use your Veterans Affairs (VA) education benefits call 863-784-7128.
- Unemployed or underemployed AND under the age of 24? Contact SFSC’s Panther Youth program for possible scholarship opportunities. Highlands County: 863-784-7155; Hardee/DeSoto: 863-784-7065; 863-784-7365 Okeechobee: 863-824-6032
- Have you or someone in your household worked in agriculture during the past two years? Agricultural workers and their families who qualify may receive assistance with: tuition, textbooks, transportation, supplies, career research and preparation, bi-weekly stipend for attending training, and much more! To find out more, contact: Highlands County, 863-784-7386 or 863-784-7166; Desoto County, 863-784-7043; Hardee County, 863-784-7155.
For more information visit www.southflorida.edu/corporatetraining

Enrollment numbers must be achieved in order for course to be offered. All classes are subject to change. No refunds after class begins.
