

## Mathematics

Degree: Associate in Arts with Mathematics  
Education focus

### Program Description:

SFSC awards the A.A. degree upon completion of a prescribed program designed as the first two years of a Baccalaureate program within the Florida public college and university systems. According to the Florida Articulation Agreement, earning an A.A. degree indicates that you have met the general education requirements for admission to the upper division of Florida's public college and universities and will be admitted with full junior standing, provided you have met the State competency requirements, paid all fees, and met academic standards.
