Speed Measurement Instructor Course CJSTC #1159

40 Hours

Jan. 25–Feb. 5

Monday through Friday, 6–10 p.m.

SFSC Highlands Campus

This course will provide training of both radar and laser speed measurement devices and prepare the student instructor to present the "Speed Measurement Course" for certification of attendees. The student instructor will learn the different scientific principles behind these devices and their proper application within the overall speed enforcement program. In addition, the course will cover the various aspects of equipment use such as testing and verification protocols, case law, health issues, and many other operational considerations.
